

One last time (Lead vocals backing vocals)

Verse 1 We have had some good times
We have made great memories
It is hard to define
All the feelings I'll take with me
But I know they'll be strong
they will go on and on
I'm asking you now
Will you join with me

Chorus To sing my
It's my
goodbye
Goodbye
I need to tell you what I feel inside
inside
this heart
this heart
It won't be easy singing one last time
one last...
In front of these people
...time
that I've come to love
come to...
I'm taking the steps to walk out through that door
...love
One last time

Verse 2 though I tried and I tried
I felt I had failed in life
Couldn't understand why
Everything that I touched broke down
So I'm letting you know
You have now changed my world
I still have to go
join me one last time

Chorus To sing my
It's my
goodbye
Goodbye
I need to tell you what I feel inside
inside
this heart
this heart
It won't be easy singing one last time
one last...
In front of these people
...time
that I've come to love

come to...
I'm taking the steps to walk out through that door
...love
One last time

Break I feel a love once lost to anger is now free
But I have to leave, perhaps this love of ours was not to be?
Will you help me...

Final Chorus To sing my
It's my
goodbye
Goodbye
I need to tell you what I feel inside
inside
this heart
this heart
It won't be easy singing one last time
one last...
In front of these people
...time
that I've come to love
come to...
I'm taking the steps to sing you my
It's my
goodbye
Goodbye
I need to tell you what I feel inside
inside
this heart
this heart
It won't be easy singing one last time
one last...
In front of these people
...time
that I've come to love
come to...
I'm taking the steps to walk out through that door
...love
One last time
